Foundations

Every project needs a good foundation to build on. Our Foundations glaze line is available in gloss, translucent and matte finishes. Easy to apply and quick to dry makes it perfect for the classroom or studio. Use with Stroke & Coats® to create design or combine with other non-toxic glazes such as Jungle Gems for unique art work. Non-toxic and food safe- safe for artists of all ages.

STONEWARE & STONEWARE ICE GLAZES

Mayco's Stoneware glazes are designed to perform in midrange (cone 5-6) and higher fire (cone 9-10) in both oxidation and reduction environments. Stoneware glazes are primarily opaque with a variety of finishes. Stoneware Ice Glazes are translucent with a hint of color at one coat and deeper tones with more coats. All are great in combination with other glazes such as Stroke & Coats®, Elements™ and Jungle Gem™ glazes.

STONEWARE WASHES

Mayco Washes are metallic pigments mixed with water, prepared as a concentrate. They are commonly used to stain clay bodies or combine with glazes to produce textural effects. Washes are suitable for low, midrange and highfire. Download "Guide to Using Washes" from our website for intriguing suggestions on using washes.

Designer Stamps

Create design for glaze and moist clay use with Mayco Designer stamp. Glaze is lightly applied to the stamp and pressed onto your ware. Stamps can be used to create outlines to which additional color can be added. Or, stamps can be pressed into clay surface to create design or patterns that can be cut and applied as a raised design effect.

Perfect Touch™ Brushes

Manufactured with kiln dried birch hardwood handles, Perfect Touch™ brushes have five hand-dipped coats of lacquer and sealer to resist moisture. Triple crimped, nickel plated seamless Cupro brass ferrules offer longer life and resist corrosion.

Glaze Brushes

While Mayco's glaze brushes can be used for acrylics, they are specifically designed to be used with ceramic glazes. They are a unique blend of Taklon for strength, durability and flexibility, with natural hairs that hold and evenly flow color.

Acrylic Brushes

These brushes are principally designed for acrylic stains and contain boar bristle, ideal for dry-brushing and basecoating.

Reflections™ Acrylic Handle Brushes

Reflections™ Acrylic Handle Brushes were designed to prevent paint peeling and flaking off brush handles. Careful design of Golden Taklon brush heads along with a properly balanced handle and ferrule give the user a superior ceramic brush.

Mayco Molds are designed to assist the user in creating a form using our Slip Cast, Castables and Slump and Humps or enhancing existing shapes with our Press Tools and Sprigs.

Press Tools are plaster forms that feature unique designs that can be pressed into clay surfaces to add patterns and interest. Or use to make small objects that can be added to other work.

Mayco Quality Pledge: All Coloramics' products are designed and factory tested to meet our standards of quality and performance. We guarantee that every product we ship will perform in accordance with our recommended usage guidelines and we will replace any product that is proven defective because of manufacture at no cost.

It is the responsibility of the end user to determine the suitability of a product for any non-standard use. We strongly recommend the test firing of glazes and/or application techniques new to the user, especially in commercial applications where large production quantities are involved.

Safety Information: Observing simple safety precautions will assure your experience with ceramic products to be safe and pleasurable one. There is a variety of safety and product usage information our website, including Material Safety Data Sheets (MSDS), a Health and Safety Bulletin, official product usage information and additional tips for use. We also provide a technical support consultant that can be reached via phone and/or email (614-675-2031/technical@maycocolors.com.)

Product Labeling: All Coloramics glazes are submitted to an independent certified toxicologist for proper labeling in accordance with standards set by the American Society for Testing and Materials (ASTM), reference ASTM D-4236. We strongly urge that users read all labels as well as visit our website for more specific information on each product. Some verbiage and signage you will

Certified Non-Toxic: Products bearing the Certified Non-Toxic seal have been reviewed by a toxicologist and deemed to have no health risk

Certified Health Caution: Products bearing the Health Caution seal have appropriate health warning information concerning their use. In addition, there may be additional warnings for compliance with Proposition 65 in California.

Food Safe: Glazes bearing a Food Safe designation have been tested by an independent lab and have been found to be within standards and guidelines set by the Food & Drug Administration for use with dinnerware. Note: Glazes that are certified Non-Toxic are also Food safe.

Not Suitable for Dinnerware Surfaces: These glazes, while technically Food Safe according to FDA standards, may not be suitable for dinnerware due to surface characteristics such as pitting, crazing, etc.

Additional Services:

Bulk quantities: Any Mayco products are available for those in need of large volumes. Minimum purchase is 12 gallons for glazes; 6 gallons for acrylics.

Glaze Development: Mayco's technical staff is available for consulting and development of custom glazes

For any of the above services, please contact your Mayco distributor or Mayco.
